

MIDSUMMER RAVINGS.

"To know her was to banish  
Reason for once and all.  
Her mouth was like a silver door  
Set in a scarlet wall."

Thus singeth a singer in The St. Louis Mirror,  
illustrating in the last two verses the state-  
ment of the first two. We like that sort of  
poetry and intend to practice it. Here goes:

To see her was to rave around  
As crazy as a loon—  
Her eyes were like two golden holes  
In a bluish brown balloon.

To touch her was to qualify  
For some cool, padded cell—  
Her hair was like alfalfa  
In an artesian well.

And when she said, "I love you,"  
It sounded like the "Ugh"  
With which the batter fans the air  
When Egan says, "Strike tub!"

It's a little hard at first, but we believe we  
can do it almost as well as the Vierckitified  
school if we work hard at it.  
—Ted Robinson in Cleveland Leader.

## TEACHERS' INSTITUTE

Proceedings of Third Day's Session at the High School

The third day's session of the Mason County Teachers' Institute opened at the High School Building yesterday morning with the song, "I Love to Tell the Story."

Devotional exercises were conducted by Rev. F. W. Harrop of the Third Street M. E. Church.

The day's business was begun by Rev. Henry Beckett, who introduced the subject of School Management to the entire satisfaction of the Institute. The subject was further discussed by Prof. Ireland and Prof. Barnes.

A solo, "Just For Today," and intermission followed.

In the absence of Prof. J. H. Jackson, Prof. J. R. Lancaster was introduced to the Institute and gave a very helpful talk on "Our Common School System." Prof. Lancaster has for eight years been the very efficient Superintendent of Scott County Schools and has been elected as Principal of the Mayslick High School for the coming year.

Miss Jessie O. Yancey's handling of "The Course of Study" was pleasing and instructive and was well received by the Institute.

Prof. Burton then took up "Advanced Reading," and by the help of the Institute spent about thirty minutes in an especially profitable way to all present.

Prof. Ireland then gave some very helpful suggestions on how music can be used in the rural schools.

After a few words on the County Board by Superintendent C. D. Wells, the Institute adjourned to meet at 1:15 p. m.

The afternoon session opened by singing "Blessed Assurance."

Prof. Burton answered the question from a financial standpoint, "Does It Pay to Educate a Boy or Girl?"

L. C. Reynolds gave a very interesting and inspiring talk on the value of the County High School, showing plainly its value to the individual, the community and the country.

After an intermission Prof. Sewell talked very interestingly upon the question, "How Can We Get a Place and Time for Supplementary Reading?"

Later Prof. Smith, a representative of the Eastern Kentucky Normal School, addressed the Institute in the interest of this School, and concluded his talk by some remarks on Nature Study.

During the day the names of Miss Ella B. Metcalfe and Miss Edith Farrow were added to the roster of teachers.

## COLORS INSTITUTE.

The Colored Teachers' Institute convened in its third day's session in the Courthouse at 9 o'clock yesterday morning. After singing "America," and responsive reading, Psalms I. and XIX. by the Institute, Rev. R. H. C. Mitchell, D.D., led in a very touching prayer. After singing "Mercy is Boundless and Free," and after quotations on "Education" were given by the different teachers, the Instructor, Prof. Williams, had the Institute to give a short but thorough review of the leading topics of the two previous days' work.

At this juncture Prof. Burton of the White Teachers' Institute was introduced and gave a fifteen-minute talk on the "Making of a Well-Rounded Man." Prof. Burton's ideal man must possess first, a good body; second, a good mind; third, a strong will power, and fourth, a large heart. He said, in substance, that these qualities were essential for the fullest development of man, as well as for his success in life. He thought that our people would thrive best in the country, and that it would be 150 years before most of them would be prepared to cope successfully with the conditions that are found in city life.

We can say for Prof. Burton that his remarks rang clear and true and that he has the Institute's sincerest thanks.

Then Prof. Williams, in his usual and forcible way, led the Institute into another and more searching consideration of those three great topics that underlie all instruction, viz., individual notions, general notions and the application of general notions, giving particular attention to the second, keeping the last for a later consideration.

In the discussion of the formation of habits in the schoolroom, the Instructor thought that the following should become automatic with the child: Politeness in all of its forms, moving about the schoolroom, punctuality, regularity, cleanliness, reliability, etc., while there are many other situations into which the child may be thrown that will require the exercise of judgment, because of the lack of previous experience, etc. In the Professor's consideration of school management he recommended that the child be given the fullest possible measure of freedom consistent with the formation of right habits.

### Do You Feel This Way?

Do you feel all tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at nights unable to sleep? Are your nerves all gone, and your stomach too? Has ambition to forge ahead in the world left you? If so, you might as well put a stop to your misery. You can do it if you will. Dr. Pierce's Golden Medical Discovery will make you a different individual. It will set your lazy liver to work. It will set things right in your stomach, and your appetite will come back. It will purify your blood. If there is any tendency in your family toward consumption, it will keep that dread destroyer away. Even after consumption has almost gained a foothold in the form of a lingering cough, bronchitis, or bleeding at the lungs, it will bring about a cure in 98 per cent. of all cases. It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. Don't be wheedled by a penny-grabbing dealer into taking inferior substitutes for Dr. Pierce's medicines, recommended to be "just as good." Dr. Pierce's medicines are of known composition. Their every ingredient printed on their wrappers. Made from roots without alcohol. Contain no habit-forming drugs. World's Dispensary Medical Association, Buffalo, N. Y.

## GOVERNOR COX ON DUTY

Frankfort Correspondent Courier-Journal.

Without even taking time to wash off the dust gathered from a long trip on a slow train, Governor Cox, who reached Frankfort Tuesday morning, went to work in the Governor's office holding down the job while Governor Willson is in Detroit attending the American Bar Association meeting. Governor Cox came to Frankfort by way of Georgetown. He left home early this morning, and the trip from Mayville here is not a pleasant one, on that train. Many callers were waiting to see Governor Cox by the time he had reached the Executive office. The usual bunch of pardon seekers, who come to Frankfort whenever a Lieutenant Governor is acting Governor, were on hand this morning, hoping to get freedom for some of their relatives or friends who are in the Penitentiary. Governor Cox is going slow on the pardons this time, however, and will not grant many, if any.

What would you be willing to give, man or woman, if you knew how to change your gray hairs to the color of youth, and, if you are a woman, to increase the length and vigor and glossy texture of your hair to an extent, what you ardently crave, but have hitherto as your wildest dreams never thought attainable?

John Birkholz, Omaha City, says: "I used Q-Ban Hair Restorer two weeks; the gray hairs I had have reassumed their natural color." Lucella Mason, this city, says: "Two applications of Q-Ban Hair Tonic stopped my hair coming out, and cured completely an intense itching of the scalp, and removed all dandruff from which I have suffered for years."

We have these testimonials on file in our office signed as above. Q-Ban Hair Restorer and Q-Ban Hair Tonic are not idle dreams, they do the work. If six bottles of Q-Ban Hair Restorer (and it only requires six bottles for the most obdurate case that has ever been treated) fails to bring back your gray hairs to the natural color of youth, your money will be refunded by the druggist of whom you buy the preparation. You know your druggist—ask him. Every gentleman, every well-bred and well-groomed man should use the Q-Ban Hair Tonic; it will save what hair you have; will keep the scalp in healthy condition and will increase the vigor, length and glossiness of the hair. To the needy it is a necessity; to the gentleman or gentleman a fine habit. Ask your druggist.

J. Jas. Wood & Son recommend and sell these preparations. If you are gray haired or your hair commencing to fade you can have the first bottle of Q-Ban Hair Restorer free. Simply call and ask for it.

For sale at all druggists.

Edward O'Reilly, a cowboy, has started on a ride of 2,200 miles from San Antonio, Texas, to Washington, bearing an invitation signed by a number of citizens of Texas, inviting President Taft to visit Texas.

Mrs. Will Fox of near Manchester died at the home of her daughter, Mrs. Lennie Harmon, near Tilton, a few days ago. Mrs. Fox contracted typhoid fever from her daughter, Miss Grace Fox, whom she had been nursing through an attack of the disease.

## THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

61 Bottles Guaranteed.

J. JAMES WOOD & SON, Special Agents.

J. C. Dedman, Commonwealth's Attorney for the Eighteenth Judicial District, comprising the counties of Harrison, Nicholas and Robertson, has asked Governor Willson to offer a reward for the capture and conviction of the persons who burned Mrs. Sarah Struve's wheat stacks in Robertson county last Thursday night. It is claimed that the burning of the grain was the result of her refusing to pool her tobacco crop.

## ABERDEEN GIRL

Hangs Herself in a Barn at Dayton—No Explanation

Miss Minnie Wilson, 17 years old, of Aberdeen, O., was found hanging from a rafter in a barn at Dayton, O. The girl went to live with the family of Gwinn Marvin, traveling salesman, three years ago.

She left a note on the mantel reading: "Do not expect me home tonight. You cannot find me unless you make a definite search. No further particulars needed."

The note was signed "M. E. W."

## COUNTY HIGH SCHOOL

Mayville High School Made One of the County Institutions

By the action of the County Board of Education the Mayville High School has been made one of the County High Schools.

The County Board agrees to pay \$30 per year for tuition for pupils who have completed the course of the Common Schools. This will necessitate the payment on the part of the pupil of only \$10 per year, as the tuition for the year is \$40.

The County Board is to be commended in their efforts to give the pupils of Mason county the advantage of a good High School education, and the people are to be congratulated upon the excellent opportunity afforded them right at home of receiving a first-class education.

It is difficult to understand why parents will send their children out of the county and to other schools, when it is so generously supplied at the expense of the public.

The Public School is a public institution, supported by public taxation, and deserves the co-operation and encouragement of the public.

If it is to accomplish the purpose for which it was founded, it must have this support.

Anyone wishing to see me relative to this matter will please call at my office at the High School.

J. W. BRADNER, Superintendent of Schools.

## CURED TO STAY CURED.

How a Mayville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured.

Doan's Kidney Pills make lasting cures. Mayville people testify. Here's one case of it:

M. C. Chisholm, 317 East Second street, Mayville, Ky., says:

"The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

In order that sheep may be received for exhibition at the State Fair to be held at Louisville September 13th to 18th and afterward be shipped out of the State, the Department of Agriculture at Washington has made the necessary modifications of the Federal quarantine regulation relating to sheep scab in Kentucky. The temporary unloading of sheep within the State when desirable also will be permitted.

### TO BREAK WILL

Suit to Be Filed in Bracken County For New Division

Augusta Chronicle.

It is rumored here that suit will shortly be brought to break the will of the late Miss Laura Power, who died at her home on the Dutch Ridge pike, something over two years ago.

At her death, Miss Power willed to Henry Power and sister, Miss Kitty of Cincinnati, \$6,000 each; Mrs. Taylor Asbury of near Germantown \$6,000; Mrs. Lou Day of Indianapolis \$6,000; T. S. Hamilton of Covington \$250, and R. P. Hamilton of Augusta \$250.

It is said that some of the parties do not think a fair division was made, and that suit will likely be brought at the November term of Court. Suit for the breaking of a will can be made at any time within five years after it is probated.
